Dear Parents and Caregivers,

First term done and dusted and so much has been done and celebrated over the term.

In today's newsletter, classes have contributed by providing recounts of some of the activities and events from this term—along with "snapshots" of the days / events.

We hope you enjoy reflecting on what has been a very busy and productive term. Please note that the recounts are re-typed as the students have presented their work—with no corrections!

Thank You—to Mrs Waters, Miss Tozer and Miss Mosimann for their contributions to Belmont Primary School this term.

I have enjoyed having Mrs Waters as part of the Admin team and I know that she has been kept very busy juggling the many roles entailed in the Deputy's position.

Mrs Waters will be taking 5 weeks long service leave at the beginning of 2nd term and I wish her a relaxing and enjoyable break.

Miss Tozer has amazed us with her musical talents and it's great to see the choir increase in numbers each week. All the best in your next ventures, Miss

Tozer—we will miss your bubbly enthusiasm around the school.

I know that Miss Mossiman has been impressed with the language development from all children in learning new French words. Thank you for your enthusiasm in engaging the students in learning about another culture., and all the best for your future teaching career. Miss Mossiman will be relieving for Mrs Waters next term when she goes on her well-deserved long service leave.

We are continuing to learn by working together to develop our Literacy Programs—teachers and students alike. I'm impressed with the progress students are making in all groups—and this is also reflected in the recounts of our events which are published in this newsletter.

Well Done, everyone!

There has been a wonderful, positive feel around the school and I hope that this continues into next term. Remember that 2nd Term will commence for students on Tuesday, 1st May—and it is only a 9 week term.

This is our reporting term and I look forward to looking at all the reports and noting the wonderful progress and improvements everyone has made.

Stay happy and enjoy your holidays

There was cupcakes, facepaint and hair spray. Mrs Dann also took off her scarf for the first time at school.

It was lots of fun eitherway. I didn't have any face-paint or hairspray but it was still fun.

HARMONY DAY By Deylion

This term we had a Harmony Day celebration where we shared where we come from. Everyone brought their country's food and we got to try other people's food. Mrs Rigby made nachos, which comes from Mexico, and it tasted very good. My carer, Jay, made Indian rice with vegies and it was delicious.

Ffloyd's mum, Kirri, sang a couple of songs from New Zealand and performed the Haka. I could understand it because I am from the North Island in New Zea-land. I really enjoyed it because it was fun.

Crazy Hair Day—Ffloyd

On craxy hir day Jack and Elies mum got their hair shaved and Mrs Dann took her scarf off. The whole school was their and all the parents.

We did it in the undercover area because it was raining. We did it to race money for cancer.

I had nothing. I didn't have hairspray. I didn't get face paint. I didn't get a cupcake but I got to watch Be Brave and Shave. We did it because we wanted to race money for cancer.

It was really fun.

Crazy Hair Day—Cameron

On Wednesday 14 March 2018 at Belmont primary school, we had the best crazy hair day. The people there were Ms Dann, Mrs Thomas and the people shaving there heads were Jack and Eloses mum. And we were raising money for cancer research and it took place in the undercover area.

The events there were face painting, hair spraying and selling cupcakes. And two people shaved their heads. I ate 2 cup kces and my hair was purple with lots of pony tales.

At the end everyone went home and school was very colourful because of all the hair spraying, painted faces and two peoples shave heads. And that was the best day ever.

TENNIS LESSONS By Zainab

This term Mrs MacDonald organised tennis lessons with a man called Jack. He taught us how to hold a tennis racket and balance the ball on top of the flat part. I am learning how to bounce the ball and hit it over the net to another person.

Jack showed us how to serve, but it is very hard because you have to watch the ball in the air.

Tennis lessons were exciting and fun.

GARDENING WITH MRS TERO AND MRS ROBINSON

By Rukkaya

Every second Thursday of this term, Room 4 did gardening with Mrs Tero and Mrs Robinson. We have done lots of weeding and hope to plant some crunchy carrots next term. It is important to spread the soil out and make sure that there are no weeds before we plant.

When we are not gardening we stay with Mrs Waters and learn about healthy eating and lifestyle.

The best thing about gardening is that we get to have a break from being in the classroom and get some fresh air.

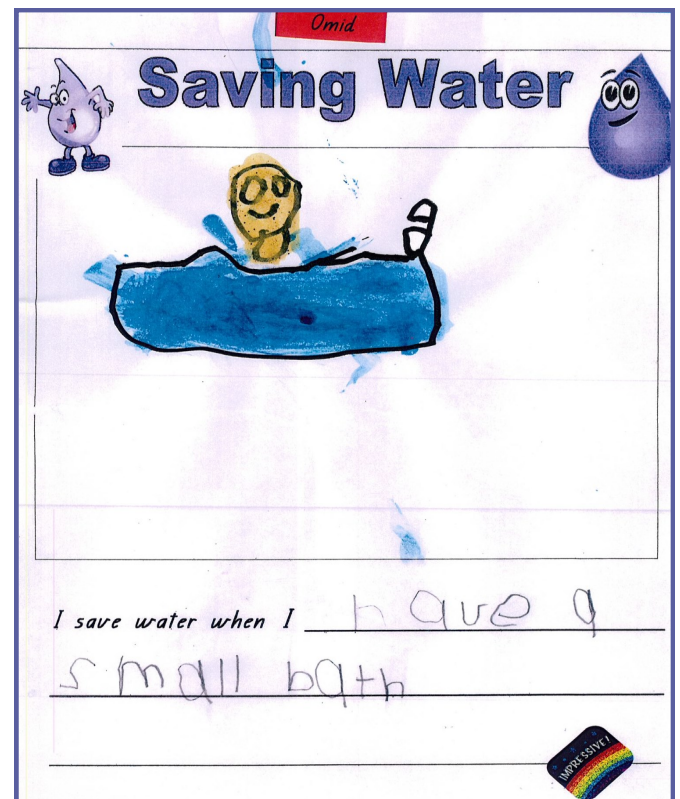

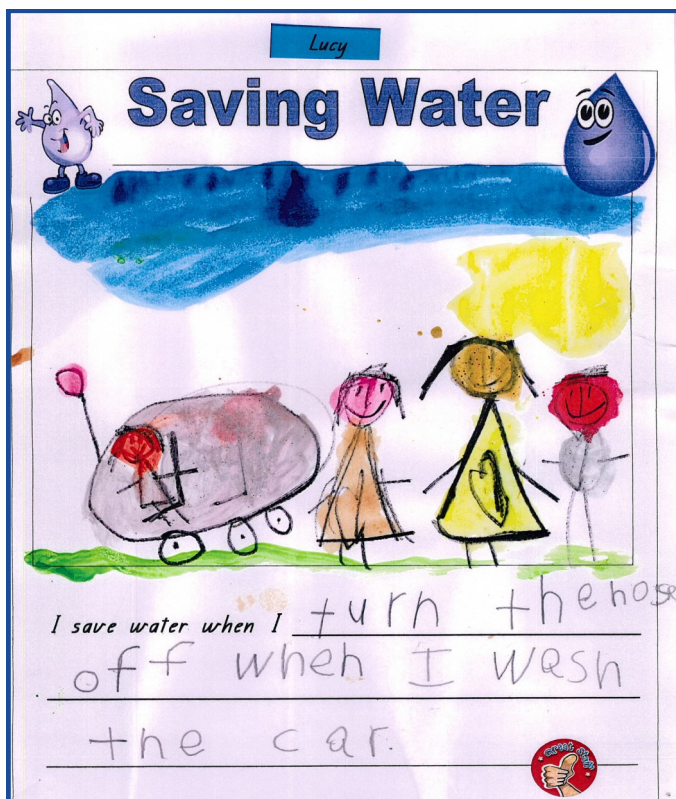

LITERACY GROUP

By Keynan

I do literacy with Mrs Rigby on Monday to Wednesday and go to Miss Lally on Thursday and Friday. In Literacy we learn how to read, spell, write, speak, listen and follow directions given by the teacher.

In Spelling we do Sound Waves and we have Spelling homework every night. We like to do guided reading and shared reading. Today we read a big book called Possum Magic and we got to taste a lamington, ANZAC biscuit, pavlova and Vegemite sandwich.

We have a stamp card and we get stamps when we do something good, then Mrs Rigby lets us play a literacy game at the end of the lesson.
